

NOAH'S

Is Rheumatism getting a grip on you?

Rheumatism is the most distressing and discouraging of all troubles. Nine cases out of ten can be cured by using Noah's Liniment.

Where there is no swelling or fever a few applications will relieve you.

Noah's Liniment penetrates—does not evaporate like other remedies. Requires very little rubbing.

LINIMENT

LET THE FOLLOWING CONVINCE YOU

"This testimonial, I trust, may be of benefit both to you and the large number of persons who suffer from that many-headed monster, rheumatism.

"For the past month I have been suffering with rheumatism in my ankle, instep and toes. I tried several remedies, which apparently gave me no relief.

"Being a special man with Colgate & Co., of New York, necessitated being on my feet and walking all day, I realized something must be done for my relief quickly.

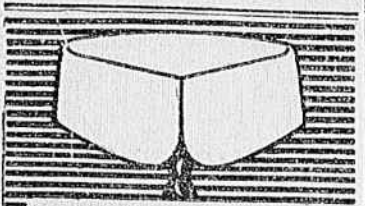

"Three days ago I purchased from W. J. Joyner, a local druggist, a bottle of your Noah's Liniment and commenced to use it. My foot has improved wonderfully, and can now walk with very little inconvenience.

"You are at liberty to use my name and testimonial in any way which will be of most service to you. C. A. James, 321 Dinwiddie Street, Portsmouth, Va."

DISTILLERY CASE AGAIN POSTPONED

Goes Over to June 5 Because of Inability of Lawyer Wendenburg to Appear Now.

The inability of Attorney L. O. Wendenburg, chief counsel for the defense, to attend yesterday caused Judge Edmund Waddill, Jr., to grant a postponement of the Broad Rock Distillery Company case until June 5.

ADVERSE REPORT IS MADE ON PLAN

Government Will Not Purchase Grounds of Jamestown Exposition.

Washington, April 15.—A special board of investigation appointed by the Secretary of the Navy to look into the feasibility of purchasing the Jamestown Exposition property from its present owners for governmental purposes to-day reported adversely to the plan.

While this decision would appear to be final, the department has just requested that H. Martin, of Norfolk, prepare full data regarding the property and to submit it as early as possible. In view of the fact that the House Naval Affairs Committee has never looked with favor on the plan to have the government get control of this property, and also because of the report of the special board made to Secretary Meyer, the prospect is not bright for an early sale.

Among the well-known politicians of Southwest Virginia in Washington to-day were the following: John M. Parsons, C. O. McAlexander and H. C. Weaver. They were in consultation with Congressman Slemmons, and later saw Commissioner of Internal Revenue Cabell regarding certain internal revenue matters in Virginia.

Although it is understood that the visit of the three Virginians was of an important nature, nothing was learned regarding it except that they were here and saw Slemmons and Cabell.

Several interesting post-office fights are going on in different parts of Virginia, and it is said that President Taft is considerably puzzled what to do in some of the cases.

At Rocky Mount, where there will be a vacancy soon, four men are after the place. Lewis W. Morgan wants it, as do Dr. Green, H. T. Adams and B. A. Davis. The race is said to be a well-contested one, and it is not known yet who will win.

Equally hot is the fight for the office at Buena Vista. James L. Updike, the incumbent, is opposed by Roy Hart and W. L. Shaffer. The regular organization is said to be behind Hart and giving him its indorsement, which means that he probably will land.

There are also several other vacancies at other offices in the State. It is understood, which are likely to cause a lively scramble before the fight is over.

The Interstate Commerce Commission to-day granted the application of the Louisville and Nashville Railroad to establish, for the transportation of phosphate rock from Mount Pleasant, Tenn., to Stanton a rate of \$3.30 a ton. This permission was granted to give Stanton the same rate enjoyed as Basic City, Buena Vista and other nearby points in Virginia where rates are not now in accord with the fourth section of the act to regulate commerce.

The commission also has received a petition for rehearing in the case of the Stonera Coke and Coal Company against the Louisville and Nashville.

It was recently decided in a case before the commission that there was no discrimination against Stonera in favor of Norton, because Norton is on the line of the Louisville and Nashville, while Stonera is not so located. The petition will be considered at an early date.
